

## The Towns Around.

### BARNET.

Mrs. Moore, who died on the 31st ult., was one of the oldest village residents, having lived in the village since childhood. She was the daughter of Dr. Zaddock Wright, one of the first doctors to practice medicine in town. In the year 1828 she became the wife of John H. Moore, who was then constable. She was the mother of ten children, of whom eight are now living. During the 83 years of her life she had for the greater part been an active Christian worker, always ready to lend a helping hand to the poor and needy, a friend to all, an enemy to none, loved and respected by all who knew her. She will be greatly missed by friends and relatives.

Nine persons united with the church Sept. 2.

These justices were elected: F. W. Mason, A. D. Mason, W. H. Gilchrist, J. E. Smith, H. K. Robie, W. H. Burbank, W. H. McGill.

### EAST BARNET.

Mrs. Kenyon, the state superintendent of the L. T. L., will be here on Wednesday, Sept. 19, to speak to the mothers in the afternoon and to everyone in the evening. It is hoped that the children will all be there to hear her in the evening, for it is for them that she is working. A collection will be taken.

### WEST BURKE.

Last Thursday Wendell Silsby undertook to shoot a bullet through the cap of his smoke stack at his steam mill, the meshes of which seem to be too fine. The breechpin to his gun came out, breaking up the gun stock and knocking him over, injuring one eye and cutting his face some, but at this time of writing appears to be coming out of it all right.

Rev. Mr. Booth will preach in the Universalist church the 16th, at 10:45 and 1 p. m.

### DANVILLE.

There will be a social at the library Friday evening, Sept. 14. It is expected Miss Whittier will be present and sing, which will add much to the enjoyment of the evening.

### PASSUMPSIC.

#### Looking Toward a New Church.

A meeting of the Baptist society, held the 10th to see what they would do in regard to building a new church, left the matter in the hands of the trustees of the Lawrence fund, G. G. Winslow, F. W. Mason and F. H. Shepherd, to find out all they could in regard to the cost of a new church, etc., and report to the society later. This church has been doing business over 80 years, and has never had to call for help in any way. Now the building is in bad shape, the heating being done by old stoves. They are all right for the summer months, but in the winter months they are not in it. We think now is the time to build a new church. The society have a fund of fully three thousand dollars on hand that we understand can be used as they wish. Why not have a new church home now?

#### A Stray Bullet Hit Him.

William Cross was working on the section above the fair ground the 10th, when he suddenly jumped into the air about three feet, so his companion says. The trouble was, a No. 22 pistol bullet struck his leg above the knee, and went into the flesh about the bigness of the bullet. The police think it is boys' work, having known a number of small boys with pistols. Mr. Cross was three years in the army, and did not get injured, only by falling from a train and breaking a leg. He thinks it funny that he should go through the army and not get a bullet, but come back to Vermont and be hit thus.

Frank Russell and family have moved from the Albert Rash house to James Stanford's house.

Frank Rash, Sr., is very sick with lung trouble. His daughters, Mrs. Dr. Young of Buffalo, Da., and Mrs. Clement of Hillsboro Bridge, N. H., are here helping care for him.

Rev. S. A. Jackson of So. Ryegate gave an illustrated lecture at this place on "The Pilgrim's Progress," last week Thursday evening. The illustrations were good and the lecture very instructive, and it was a pity the audience was not larger.

### SOUTH RYEGATE.

The R. P. church have decided to heat their house of worship with a furnace. The work is now in progress.

Mrs. Wm. Darling is quite sick.

Mrs. Lydia Brown seems to be failing, no improvement in her condition being perceptible.

Numerous alterations are being made on the fair grounds in preparation for the local fair to be held next week. Two new stands have been erected, and other needed improvements are going forward.

### WALDEN.

Justices elected are J. C. Stafford, C. A. Kittredge, G. T. Eastman, B. F. Taylor, S. V. Meader.

### WATERFORD.

Judge Hastings is Congratulated.

One of the pleasant sequels of the election in this county developed on Saturday evening last, when about 75 friends and acquaintances of Judge S. J. Hastings called to congratulate him on his share in the republican victory and his election as assistant judge. Among those present were several St. Johnsbury people. This little "raid" had been planned for the Wednesday evening previous, but rain prevented. The genial judge surrendered gracefully, and the party had a pleasant time of it all around. Refreshments and cigars were passed.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## THE SLAVE'S STORY.

It is About a Rebellion that Ended in Flat Failure.

That wise old slave, Esop, tells how the jaws and the arms refused to supply and to grind food for the stomach which, they said was a lazy thing living on its neighbors. Of course the rebellious members suffered and grew weak. As what we call science did not exist in Esop's day, it isn't likely that even he understood the full force of this fable.

We understand to-day the supreme importance of treating the stomach well, for the consequences of indigestion extend from the brain to the toes. Because of bad digestion there are so many skinny, pale, bloodless men and women in the world. Nothing will fatten and strengthen them unless they can find a food that will pass from the stomach into the blood without digestion. Paskola is such a pre-digested food.

"It gives me great pleasure," says Dr. G. W. Babcock, of Chelsea, Mass., "to speak in the highest terms of your delightful preparation, Paskola. I have lately prescribed it for one of my lady patients, and I am greatly surprised at its wonderful power as a flesh producer. The young lady has been out of health and losing flesh. She began taking Paskola as directed. Her weight was 103 pounds. She has taken four bottles and now weighs 109 pounds, and is looking much improved. She says she feels like a new creature. This change has been brought about by Paskola."

Another physician's testimony:

Oswego, N. Y., May 21, 1894.  
Gentlemen.—The bottle of Paskola received a week ago to-day and I immediately commenced the use of it, in connection with Peppermint water. I am feeling very much better and have increased 1 1/2 pounds. During the eight days use of Paskola, no eruptions of gas, in fact, seeming perfect digestion. If this condition continues, I shall be a devotee of Paskola and will prescribe it when indicated to my patients.

Sincerely yours, E. M. MANWAREN, M. D.
